

CLASSIC HOTEL LANDLINE TELEPHONE

MC-APH-R401BE/B

CLASSIC HOTEL LANDLINE TELEPHONE

MC-APH-R401BE/B

DESCRIPTION

MC-APH-R401BE/B is a classic corded analogue landline telephone specifically engineered for reliable use in hotels, office buildings, and schools. This durable device is constructed with a high-quality ABS plastic case and utilizes advanced surface-mounted technology with integrated CPU control for stable operation. It features a streamlined design without a display or touchscreen, focusing on essential communication through a standard DTMF dialing system. The telephone is designed to operate within a wide voltage range of 24V to 60V DC and maintains performance in temperatures ranging from -10°C to +40°C. Additionally, it offers comprehensive compatibility with major PBX systems such as Avaya, NEC, and Siemens, ensuring seamless integration into existing professional networks.

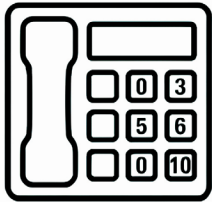

CLASSIC HOTEL LANDLINE TELEPHONE

MC-APH-R401BE/B

FEATURES

- **One-Touch Service Buttons:** Equipped with customizable memory keys (0, 3, 5, or 10 buttons) for instant access to hotel services or emergency contacts.

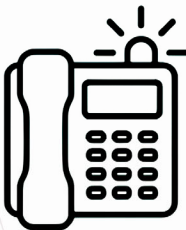

- **Enhanced Protection:** Built with specialized materials to be waterproof, moistureproof, and fireproof, ensuring safety and durability in demanding environments.

- **Advanced Handset Control:** Features a multi-step volume control system that delivers clear sound quality tailored to the user's preference.

- **Message Waiting System:** Includes a standard 90~150V DC message waiting light (customizable) to notify guests of pending voicemails or messages.

- **Flexible Technical Settings:** Offers optional flash time settings of 100ms, 300ms, or 600m (standard 600ms) to match specific PBX technical requirements.
