MC-GSP-110T-WP

MC-DM1003HS

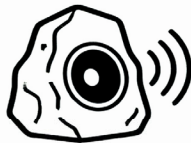

Description:

The MC-GSP-110T-WP is a professional-grade rock speaker designed for high-quality outdoor audio, featuring an IP65 weatherproof rating and a durable grey synthetic resin enclosure. It utilizes a built-in 10W transformer to support multi-tap power settings at both 70V and 100V, ensuring flexible integration into various public address systems. With a maximum sound pressure level of 102dB and a frequency response of 100Hz to 16KHz, it delivers elegant and powerful audio performance across large garden or landscape areas. The ground-mounted design allows it to blend aesthetically into the environment while maintaining reliable sound clarity and resilience against harsh weather conditions.

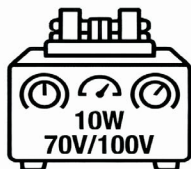

FEATURES:

- Weatherproof IP65 rating specifically designed for durable outdoor applications.

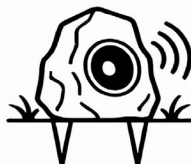

- Elegant yet powerful sound delivery in a natural rock-shaped design.

- Integrated 10W transformer with multiple power taps for 70V/100V systems.

- Durable synthetic resin enclosure that blends seamlessly into garden landscapes.

- Ground-mounted installation providing stability and optimal sound projection outdoors.

- Ground-mounted installation providing stability and optimal sound projection outdoors.

- High sound pressure levels reaching a maximum of 102dB for clear outdoor coverage.

TECHNICAL SPECIFICATIONS

GENERAL INFORMATION

The MC-GSP-110T-WP is a professional ground-mounted audio system designed for durable outdoor and landscape sound applications. It features a robust synthetic resin enclosure.

MOEL

MODEL: MC-GSP-110T-WP

TYPE: Ground Mounted Audio System

APPLICATION: Outdoor Landscape, Commercial PA, Theme Parks

POWER & PERFORMANCE

Power at 100V: 10W / 5W

Power at 70V: 5W / 2.5W

SPL (1W/1M): 89dB
Max SPL @ 1M: 102dB

Frequency Response:
100Hz-16KHz

INSTALLATION & BUILD

Enclosure Material:
Synthetic Resin

Installation:
Ground mounted

Color:
Grey

PHYSICAL DETAILS

Product Size:
230 x 210 x 270mm

Weight:
3.5Kg
