

OUTDOOR ROCK SPEAKER

MC-GSP-340T-WP

100V Power 20W / 40W	Max SPL 115 dB
Frequency Response 60 Hz - 16 kHz	Weight 8 kg

Description & Key Features

The MC-GSP-340T-WP is a high-power outdoor rock speaker built for demanding commercial landscape applications. The IP65 weatherproof enclosure and 8 kg synthetic resin body are engineered for long-term outdoor durability, while a 40W transformer provides flexible power options for professional 70V and 100V audio systems. Its natural stone appearance allows powerful sound delivery without disrupting the landscape design.

FEATURES

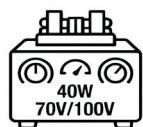

- Weatherproof IP65 enclosure for outdoor environments.
- Natural yellow stone finish for landscape integration.
- Integrated 40W transformer for 70V and 100V systems.
- Maximum SPL of 115 dB for large outdoor coverage.
- Durable synthetic resin body for long service life.
- Wide 60 Hz - 16 kHz response for balanced sound.

- Weatherproof IP65 design built specifically for outdoor environments.

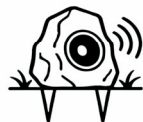

- Elegant yet powerful sound quality integrated into a natural landscape aesthetic.

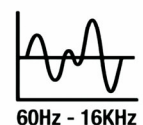

- Integrated 40W transformer providing flexible power options for professional audio systems.

- High-performance audio with a maximum SPL of 115dB for extensive outdoor coverage.

- Durable synthetic resin enclosure finished in a natural yellow stone color.

- Broad frequency response from 60Hz to 16KHz for balanced and rich audio.

TECHNICAL SPECIFICATIONS

GENERAL INFORMATION

Model	MC-GSP-340T-WP
Type	Ground-mounted audio system
Application	Outdoor landscape, commercial PA, theme parks

POWER & PERFORMANCE

Power at 100V	20W / 40W
Power at 70V	10W / 12W
SPL (1W/1M)	93 dB
Max. SPL @ 1M	115 dB
Frequency Response	60 Hz - 16 kHz

INSTALLATION & BUILD

Enclosure Material	Synthetic resin
Installation	Ground mounted
Colour	Yellow

PHYSICAL DETAILS

Product Size	560 x 470 x 380 mm
Weight	8 kg
