MC-GSP-340T-WP

MC-DM1003HS

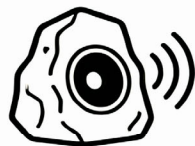

Description:

The MC-GSP-340T-WP is a high-power rock speaker engineered for demanding outdoor commercial applications, featuring a robust IP65 weatherproof rating. It delivers elegant yet powerful sound through an 8Kg synthetic resin enclosure that blends naturally into outdoor landscapes while ensuring long-term durability. With a 40W built-in transformer and a maximum SPL of 115dB, this ground-mounted unit provides exceptional audio clarity and high-volume performance. Its wide frequency response and 100V system compatibility make it an ideal choice for large-scale background music and paging in gardens and professional outdoor spaces.

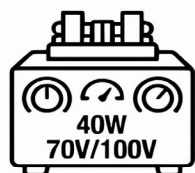

FEATURES:

- Weatherproof IP65 design built specifically for outdoor environments.

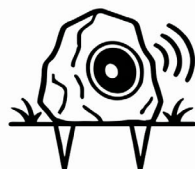

- Elegant yet powerful sound quality integrated into a natural landscape aesthetic.

- Integrated 40W transformer providing flexible power options for professional audio systems.

- High-performance audio with a maximum SPL of 115dB for extensive outdoor coverage.

- Durable synthetic resin enclosure finished in a natural yellow stone color.

- Broad frequency response from 60Hz to 16KHz for balanced and rich audio.

TECHNICAL SPECIFICATIONS

GENERAL INFORMATION

The MC-GSP-340T-WP is a professional ground-mounted audio system designed for durable outdoor and landscape sound applications. It features a robust synthetic resin enclosure.

MODEL

MODEL: MC-GSP-340T-WP

TYPE: Ground Mounted Audio System

APPLICATION: Outdoor Landscape, Commercial PA, Theme Parks

POWER & PERFORMANCE

Power at 100V: 20W / 40W

Power at 70V: 10W / 12W

SPL (1W/1M): 93dB

Max SPL @ 1M: 115dB

Frequency Response:
60Hz-16KHz

INSTALLATION & BUILD

Enclosure Material:
Synthetic Resin

Installation:
Ground mounted

Color:
Yellow

PHYSICAL DETAILS

Product Size:
560 x 470 x 380mm

Weight:
8Kg
