100W COLUMN SPEAKER

MC-LSP-340T-WP

100V Power 50W / 100W	Max SPL 117 dB
Frequency Response 130 Hz - 16 kHz	Weight 10.5 kg

Description & Key Features

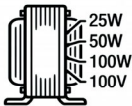

The MC-LSP-340T-WP is a high-performance, heavy-duty aluminium column speaker designed for demanding outdoor and commercial audio environments. Its array of five 6-inch full-range drivers provides strong projection and clear vocal reproduction, while the weather-resistant construction supports public address and background music applications in large professional spaces.

FEATURES

- Heavy-duty aluminium enclosure for professional outdoor applications.
- High-power 100V transformer supporting up to 100W output.
- Five 6-inch full-range drivers for clear and robust projection.
- Wide 80 x 100 degree dispersion for consistent coverage.
- Suitable for background music and professional paging systems.
- Wall-mounted construction for practical installation in large venues.

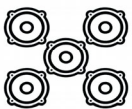

- Heavy-duty aluminum construction designed for professional outdoor applications with a high IP rating.

- High-power output supporting up to 100W at 100V for large-scale coverage.

- Excellent frequency response optimized for clear and balanced audio quality.

- Powerful sound projection with five 6-inch full-range speakers for maximum clarity.

- Wide sound dispersion at 80x100 degrees to ensure consistent audio distribution.

- Versatile utility suitable for both background music and professional paging systems.

TECHNICAL SPECIFICATIONS
