MC-LSP-340T-WP

MC-LSP-340T-WP

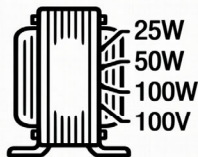

Description:

The MC-LSP-340T-WP is a high-performance, heavy-duty aluminum column speaker engineered for demanding outdoor commercial environments requiring a high IP rating. It features a powerful array of five 6-inch full-range drivers that deliver clear, robust sound with a maximum SPL of 117dB. Designed for versatility, it supports 100V line systems with up to 100W power taps, making it ideal for both high-quality background music and clear vocal paging. With its sleek white finish, wall-mounted installation, and wide dispersion angle, this unit provides a reliable and high-fidelity audio solution for large professional spaces.

FEATURES:

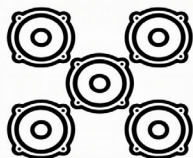

- Heavy-duty aluminum construction designed for professional outdoor applications with a high IP rating.

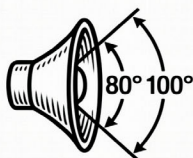

- High-power output supporting up to 100W at 100V for large-scale coverage.

- Excellent frequency response optimized for clear and balanced audio quality.

- Powerful sound projection with five 6-inch full-range speakers for maximum clarity.

- Wide sound dispersion at 80x100 degrees to ensure consistent audio distribution.

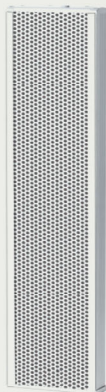

- Versatile utility suitable for both background music and professional paging systems.

TECHNICAL SPECIFICATIONS
