MC-WSP-315T

MC-WSP-315T

Description:

The MC-WSP-315T is a fashionable wall mount speaker designed to provide professional audio solutions for conference rooms and public address applications. It features a sleek and modern appearance that blends seamlessly into any environment while delivering high-quality, balanced sound. The unit is built with a durable ABS enclosure and utilizes a two-way design with a dedicated tweeter to ensure rich and crisp audio clarity. For maximum convenience, it includes a user-friendly bracket that allows for quick installation and flexible angle adjustments to optimize sound coverage.

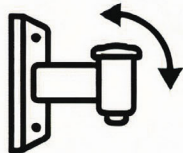

FEATURES:

- Fashionable wall mount speaker for conference and PA application.

- Available in 5 inch and 6 inch sizes to suit different venue requirements.

- Quick installation bracket with adjustable angle for flexible mounting.

- Fashionable appearance combined with high quality, balanced sound.

- Switchable operation between 100V and 8ohm for versatile system integration.

- Two-way design featuring a dedicated tweeter for enhanced audio clarity and crisp performance.
